We'll provide as many available options for planning your ideal trip; operating & incorporating many off-the-beaten path experiences for your trip or expedition. Before your trip begins we'll work with you to ensure you are fully prepared and happy before setting off; we'll continue this once you're inland with us responding to your individual needs & requirements.

Throughout your time and experience with us; one of our main goals is to help you expand your own boundaries both physically & spiritually. We want you to go away feeling as though you have been challenged to achieve optimal success and enjoyment from your trip.

Unu Raymi Expeditions will always work with any traveller to develop their dream trip no matter how big or small. We pride ourselves on being very competitive whilst not compromising on quality aspects of any trip. Investing in the best available equipment, guides, assistants, accommodation, transport and food ensures we can deliver the best trip plans.

We work with guides who are reputable, respected, well-qualified and that know how to look after our travellers; accessing regions and summits many guides are insufficiently trained and permitted to go. As well, all of our guides have extensive high-altitude & expedition experience.

We operate and manage expeditions such as Machu Picchu Travel, Salkantay Trek, Choquequirao Trek, Nevado Ausangate along with many other unique trekking & climbing expeditions throughout the Andes; trips in the Amazon Jungle, and the west Coast of Peru. Now we are also planning & operating in the countries of Chile; specialising in Torres del Paine, Patagonian Chile and Argentina, specialising in Aconcagua. Our goal for 2021 is to offer personalised expeditions in Ecuador and Bolivia.
